

BOATING CODE OF CONDUCT

To promote goodwill among all of our lakes' users, we encourage boaters to abide by the following code of conduct.

- **Slow down** as you approach the shore and as you leave it.
- Travel at less than **10 km/h** when you're within **30 metres** of the shore.
- Respect **swimmers** and **non-motorized watercraft**. Stay as far away as you can from them.
- **Do your cruising at least 30 metres from shore**, leaving the area closer in to bathers and non-motorized craft.
- Avoid abrupt turns.
- Avoid prolonged spinning in one spot.
- Do not throw garbage into the lakes.
- Go to **deeper areas to water-ski**.
- **Keep the volume down** on your sound system. Remember that you're sharing the lake with other boaters and with shoreline residents.
- Use your **horns and sirens** only for emergencies.

SAFE-BOATING TIPS

Be aware and careful when you hit the water!

- Make sure you have all of the **required documents** on board with you: pleasure-craft operator card, personal identification and pleasure-craft permit.
- Provide a **PFD** or an approved life-jacket **for every person** on board.
- If you're **towing someone** on water skis, a wake board or an inflatable tube, **you must have an observer on board** who keeps watch over each person being towed and notifies the operator in case of problems.
- Your pleasure craft **must have a seat for all persons being towed** in case they need to come back on board.
- Towing is **prohibited** after sunset.
- Tubers, water skiers and wake boarders **must all wear a PFD** or an approved life jacket.
- **Do NOT drink alcohol** when you're operating a pleasure craft.

PROTECT OUR LAKES

Visual inspection of watercraft by boat-launch attendants (article 4) :

- Attendants must inspect all watercraft that use a boat launch.
- The inspection is designed to detect potentially harmful plant and residue traces on or in the watercraft, on its motor or on its trailer.
- The inspection also allows attendants to check if the craft is indeed allowed on the launch and, where applicable, to confirm the validity of its voucher.

If the watercraft is dirty or if it's unauthorized under By-law 777-16 (wakeboat, sea-doo, jet skis, etc.), the attendants must deny access to the boat launch.

Protect against invasive species (article 5) :

- Before you launch your watercraft, you must thoroughly wash it, along with its trailer.

PROTECT OUR SHORELINES!

Waves from power boats and other motorized watercraft increase shoreline erosion, which in turn undermines water quality in our lakes.

Be aware of the harm that waves from your boat can cause to shorelines.

If you're within 30 metres of the shore, slow down to under 10 km/h.

Let's work together to preserve the health of these shared treasures
